[ STATEMENT OF PROBABLE CAUSE / NARRATIVE ]

On November 24th into the 25th, 2017, in Santa Rosa County, Florida, James Scott Hermann, 6-4-85, did unlawfully violate FSS 825.102.3c. Abuse of the Elderly, to wit:

On November 25, 2017, at approximately 0130 hours, Deputies responded to ██████████ in reference to a Welfare Check on a ██████████. The complainant, ██████████ wanted ██████████ checked on because ██████████ caretakers removed ██████████ from Inpatient care at Bay Breeze Nursing and Rehabilitation Center and were not allowing ██████████ to take any medications. ██████████ suffered a fall on the 20th of November and has two fractures in ██████████ pelvic area and required Physical Therapy.

The caretakers, who ██████████ are Thomas Hermann, 12-17-49 who is ██████████ and James Scott Hermann, 06-04-1985, who is ██████████

Upon arrival on the first check, the ██████████ was found to be in terrible condition and was unsafe. The floor boards were very unsteady and shifted under weight as if they were going to break. There were numerous spiders and cobwebs along the edges, corners, and directly on the ceiling. The house was unclean with numerous dirty dishes left out with mold in them. The ceiling in the living room had significant water damage with holes and cracks. The kitchen sink was falling through the floor being held up only by a metal beam propped up at an angle beneath it. The bedroom where ██████████ was laying had an exposed ceiling with fiberglass insulation falling out near the area of ██████████ head. Fiberglass insulation fragments were on the bed where ██████████ was laying. There were various wires and cords going throughout

REPORT NO: SRSO17ARR006807

the [REDACTED], unknown why or what they were used for. All A/C units appeared to be inoperable and have black mold on them. James stated that the condition of the house, specifically the exposed insulation, has been like that for several months.

Because of the condition of the home and what Lori reported initially, EMS responded and because [REDACTED] refused to go to the hospital, she was not transported at that time. Department and Children and Families was notified and was supposed to respond in 24 hours.

Later at around 1400 hours that same day, I received another call from [REDACTED] requesting a welfare check. I spoke to [REDACTED] in depth and [REDACTED] told me that James had gone to the nursing home and "threw a fit" with the staff demanding that [REDACTED] not be treated with any medication whatsoever. Bay Breeze could not treat [REDACTED] without giving [REDACTED] the medication as prescribed by the doctors. James then requested [REDACTED] be sent to Gulf Breeze ER. From there, he and Thomas took [REDACTED] instead of taking [REDACTED] back to Bay Breeze.

I attempted to call Adult Protective Services to see if they had responded. I had no success of ever contacting the investigator assigned.

I then called Bay Breeze and spoke with several staff members. An administrator, Justin Gibson, confirmed that James threw a fit with the staff and demanded [REDACTED] not be given any medication. Justin said they could no longer treat [REDACTED] so [REDACTED] was discharged because of James's actions. Bay Breeze staff sent me [REDACTED] paperwork that Gulf Breeze ER sent them with the transfer order. I reviewed the paperwork and found out the following information:  
Per Dr. Ted Mathew, [REDACTED] has a "displaced acute traumatic fracture, left superior ramus extending to the puboacetabular junction." The treatment plan was "PT Evaluation, close reduction, orthopedic evaluation especially since it is involving the acetabulum, pain control, SNF(Skilled Nursing Facility) evaluation, IV hydration. Acute pain, IV narcotics, short term until pain is relieved. Bowel regimen."

While in Gulf Breeze ER, [REDACTED] was prescribed several medications. [REDACTED] was prescribed a few medications for [REDACTED] pain, Metoprolol Tartate(a beta blocker which treats high blood pressure, chest pain due to heart disease, or heart attack), Atorvastatin(used to improve cholesterol levels and decrease your risk for a heart attack and stroke), and Enoxaparin(which is an anticoagulant or blood thinner).

In another report, it indicated that [REDACTED] had two separate fractures: "left superior pubic rami and inferior pubic rami fracture."

Dr. Craig Davis referred [REDACTED] to Bay Breeze Nursing Home. Patient Transfer Form indicated that [REDACTED] pain level was an 8 on a scale of 10 at the time of release. At the bottom of this form. Dr. James Peoples checked a box that states: I certify the individual requires nursing facility services. He signed and dated 11-24-17.

Deputy Baney, Deputy Greenberg and I later responded to the [REDACTED] to conduct another welfare check and [REDACTED] caretakers continued to refuse [REDACTED] medical care.

James opened the door and told us to come on in. James stated that DCF had already come out today at noon and everything is fine. James and Thomas were planning on moving [REDACTED] to [REDACTED] just down the road. [REDACTED] James said he, Thomas and [REDACTED] were all going to take care of [REDACTED]. I asked if [REDACTED] was taking [REDACTED] medications as prescribed. James said the doctors don't know what they are doing and that he knows better than they do in regards of how [REDACTED] needs to be medically treated. I asked him if he had a medical degree. He said he didn't need one and that he knows better than they do. He said that [REDACTED] does not need any medication. James say that he did not trust doctors and that they lie and do not give proper medication. James was hostile and argumentative the entire encounter and said that we were harassing them.

James stated Bay Breeze released [REDACTED] because [REDACTED] did not need to be there. He said [REDACTED] was discharged and they said [REDACTED]. I informed him that I had the paperwork from the hospital and it contradicted what he just told me. James stated none of that was right and continued to insist that she was allowed to come [REDACTED]. He also told me that APS was okay with all of this and so are [REDACTED]

REPORT NO: SRSO17ARR006807

As we spoke to him, James sat in a chair, within arms reach of [redacted] asked him for a shirt because [redacted] was cold. James remained in the same seated position for a prolonged period, as [redacted] repeatedly asked for the shirt, to which he finally reached behind his chair and grabbed one off of a clothing pile and handed it to [redacted] James never attempted to assist [redacted] in putting on the shirt, as [redacted] struggled for minutes before being able to properly put it on [redacted] then attempted to move [redacted] to a supine position on the bed. This took [redacted] approximately 15 minutes, all of which James was still seated within arms reach, and refused to give [redacted] any assistance, at one point stating "I can't help you move," as well as stating "you're going to tire yourself out." James asked [redacted] if [redacted] was in pain to which [redacted] responded "I was."

James continually stated that he was unable to help [redacted] because [redacted] Thomas, wasn't in the room as well. When Thomas came into the room, James and him spoke about hiring a lawyer, and at no time spoke about assisting [redacted] in any way. Later, Thomas and James spoke to each other and Thomas stated, "They have their agenda and we have ours."

[redacted] later arrived on scene and I spoke with [redacted] privately. After a long conversation, [redacted] eventually nodded [redacted] head and said [redacted] agreed with me that [redacted] needed to be in Bay Breeze Nursing Home for [redacted] rehabilitation as the Doctor prescribed.

[redacted] then sat with James and he continuously told [redacted] that the doctors don't know what they are doing and that he knows what is best for [redacted]. James continued manipulating and lying to [redacted] until [redacted] started asking us if [redacted] could be transported back to Bay Breeze tomorrow. James continued to say that [redacted] was not going anywhere and that [redacted] does not need medication and [redacted] is "fine." At this point, it became apparent that none of them were going to allow [redacted] to receive the proper medical treatment or care.

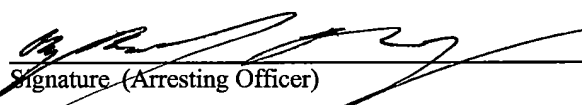

While on scene, [redacted] was observed to be very lethargic and [redacted] speech was very garbled and mostly unintelligible. [redacted] appeared to stare off into space and appeared unaware of [redacted] surroundings. It was reported that [redacted] was not oriented and was confused on occasions while [redacted] was at Gulf Breeze ER. On the prior welfare check, [redacted] was unable to answer any simple questions when asked by Deputies.

[redacted] could not make the decision on [redacted] own to seek the medical treatment that [redacted] needed. EMS was called to transport [redacted] and [redacted] was baker acted because without treatment, [redacted] is likely to suffer from neglect and [redacted] refused and was not capable of caring for [redacted]

We told James that EMS was responding and that [redacted] was going to be taken to the hospital. He left the scene and was not found again. EMS transported [redacted] to Baptist Pensacola.

James Hermann removed [redacted] from a medically required Skilled Nursing Facility against doctor's orders. He did this because he believes that [redacted] should not need any of the medication and that he knows better than the doctors in how to treat [redacted] James took [redacted] which is unsafe and derelict and continued to fail to provide [redacted] with the proper medical care. James adamantly refused to let [redacted] go back and be treated as prescribed.

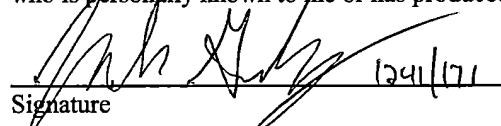

Based on these facts and circumstances, I respectfully request a warrant be issued for the arrest of James Scott Hermann for one count of Abuse of the Elderly, FSS 825.102.3c.
